

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 30 minutes to prepare
- 1 hour to collaborate
- 3-4 people recommended

10. There is no explicit feedback.

A little bit of preparation goes a long way with this season, here's what you need to do to get going.

18 minutes

- 3. Team partnering**  
Define who should participate in the session and send an invite. Share relevant information to get work started.
- 4. Set the goal**  
Think about the problem you'll be focusing on solving in the brainstorming session.
- 5. Learn how to use the facilitation tools**  
Use the Facilitation Superpowers to run a happy and

Source: author.

What problem are you trying to solve? Frame your problem as a *How Might We* statement. This will be the focus of your brainstorm.

 Springer

How might we provide child safety monitoring and notification systems using 3G?

### Key rules of brainstorming

To run an effective and productive session

- Stay in shape
- Encourage wild ideas
- Gather judgments
- Listen to others
- Go for volume
- If volume, be vocal

Write down any ideas that come to mind for child safety monitoring system.

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

28 minutes

### Tracking Location

|   |  |
|---|--|
| GPS integrated watch to keep track of their child's movements | Sends the exact location of child in case of emergency |
| Alerts if the given range is exceeded                         | Use satellite calling in case of emergency             |

## VI

- Create a mobile application
- Brilliant UI/UX design for Application
- User friendly application

### Physical Features

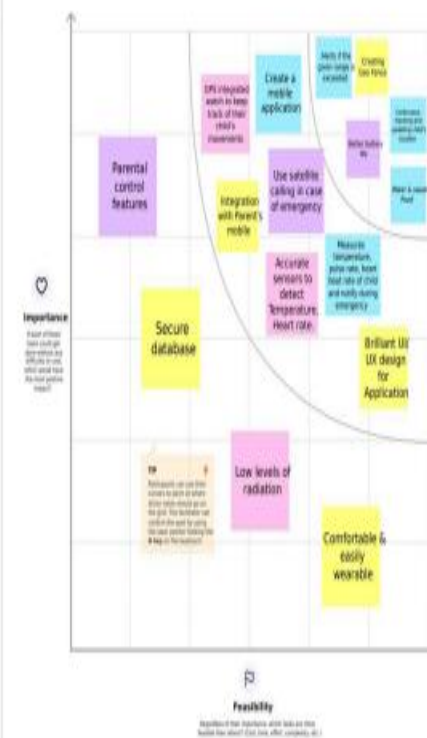

|                               |                     |
|-------------------------------|---------------------|
| Low levels of radiation       | Better battery life |
| Comfortable & easily wearable | Water & sweat proof |

## Database

Secure database

Your team should all be on the same page about what's important moving forward. Place your ideas in this grid to determine which ideas are important and which are feasible.

20 minutes

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-on

- Share the mural**  
Share a view link in the mural with stakeholders to keep them in the loop about the outcomes of the session.
- Export the mural**  
Export a copy of the mural as a PNG or PDF to attach to emails, reports or slides, or save to cloud storage.

Keep moving forward

-  **Strategy blueprint**  
Define the components of a new idea or strategy.  
[Open the blueprint](#)
-  **Customer experience journey map**  
Understand customer needs, motivations, and obstacles for an experience.  
[Open the blueprint](#)
-  **Strengths, weaknesses, opportunities & threats**  
Identify strengths, weaknesses, opportunities, and threats (SWOT) to develop a plan.
